Roster Reports

Roster reports provide individual student performance in a roster format. The Student Roster Report is interactive, so it is sortable by each field and has active links to each student's profile.

The List of Student Scores is in PDF format and will display the raw score for each subtest of the Screening Form as well as the percentile rank graphed with confidence bands.

Student Reports

Individual student reports provide information with one student per page. This Student Profile Narrative is excellent for parents with a personalized narrative explanation of the student's performance.

This report is a PDF so it will be generated in the Report Library.

For Additional Information on reports and scores available in the Classic view, go to the Using the CogAT Screening Form Guide in the Resources tab in DataManager under CogAT Screening Form drop-down.
