To Whom It May Concern:

This letter is provided in response to requests for information regarding sole source procurement. Riverside Assessments, LLC d/b/a Riverside Insights ("Riverside") is the publisher, copyright holder, and/or exclusive licensee of the assessment products listed below and maintains ownership or control of the applicable intellectual property and licensing rights. Based on our understanding of commonly applied sole source principles, Riverside believes it may generally be considered a sole source provider of these products for its customers and authorized distributors. This information is provided for reference only, and any sole source determination remains subject to the customer's independent review and applicable procurement requirements.
